

LIVING STONES

common law - common humanity - common sense

Friends, roamers and warriors,

It is not by accident that we Living Stones find ourselves standing today, surrounded on all sides by

- corruption in high - and low - places,
- rule-breaking in the thirst for recognition,
- statute-bending in the lust for riches,
- sticking-plaster 'government eroding democracy'
- electronic short-cuts to 'tick-the-box' fake contracts,
- black-uniformed 'jack-boot' bullying of the timid,

simply for daring to think for ourselves??

We have heard the call: we must challenge that '**carnal spirit of death**' which is going around like a roaring lion, looking for victims to devour.

Having just listened to the 30-minute presentation by Gary Kent - follow the link below - we're asking ourselves the question:

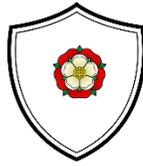

'Do we believe we've landed here on this planet by fluke, by lust, by accident, or are here destined to be walking in tune with the spirit of the eternal planner?'

If all the energy within us resonates with that spirit, we will hear the still small voice inside us, challenging us with the cost of true commitment.

We keep coming back to the well-worn mantra of the 'Rastafarian' faith -

'those who are in earnest are not afraid of consequences'

Common law - common humanity - common sense

Having actually lived for a while in the German capital, this particularly strikes home to us. Our temporary address at that time was in the Bonhoeffer Ufer, which is a side road off the Tegeler Weg in B-Charlottenburg..

All we ask you to do, as you listen to, and view, Gary Kent's presentation is to substitute the two initials - **KS** - for - **AH**. Those of us who have done our homework will know what the link is and what has been, all along, the dark determined design.

By the way, don't get too irritated by the '**JC**' tag; the man Bonhoeffer was walking in the light that he had been shown up to that point on his journey.

We may think that we are benefitting today from a deeper revelation about things spiritual, but it is grasping the REALITY of the one spirit, not the Vatican marketing name, which gives us the grace and humility to make a full commitment to **Truth**.
